ELON MUSK

Elon Mask

Today, many people call Elon Musk one of the most successful and well-known businessmen of our time. Elon is the founder of companies such as SpaceX, Tesla, PayPal, and also the owner of shares in SolarCity. we can safely say that musk is a successful businessman, engineer, inventor, investor.

Elon Musk

Elon Musk is a very successful man. He is an engineer, entrepreneur and investor. He believes that we need to colonize other planets to secure the future of humanity from numerous risks. And he is not just a dreamer but a man of action. He founded SpaceX company, which already succeeded in reducing the cost of space flights.

SPACEX

Elon Musk

PayPal

Musk is a rich man now. But he did not inherit the fortune or win the lottery. He earned the money by developing innovative businesses. In youth he founded a software company called Zip2 with his brother. Later he sold it and became a cofounder of X.com company. Now we know it as PayPal. It is a popular service of online payments and money transfers. Also Elon Musk became a CEO of Tesla Inc. which produces electro cars.

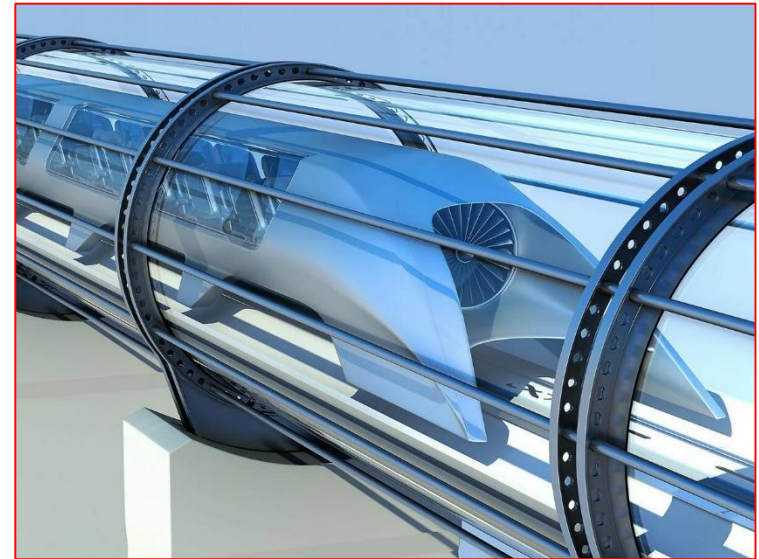

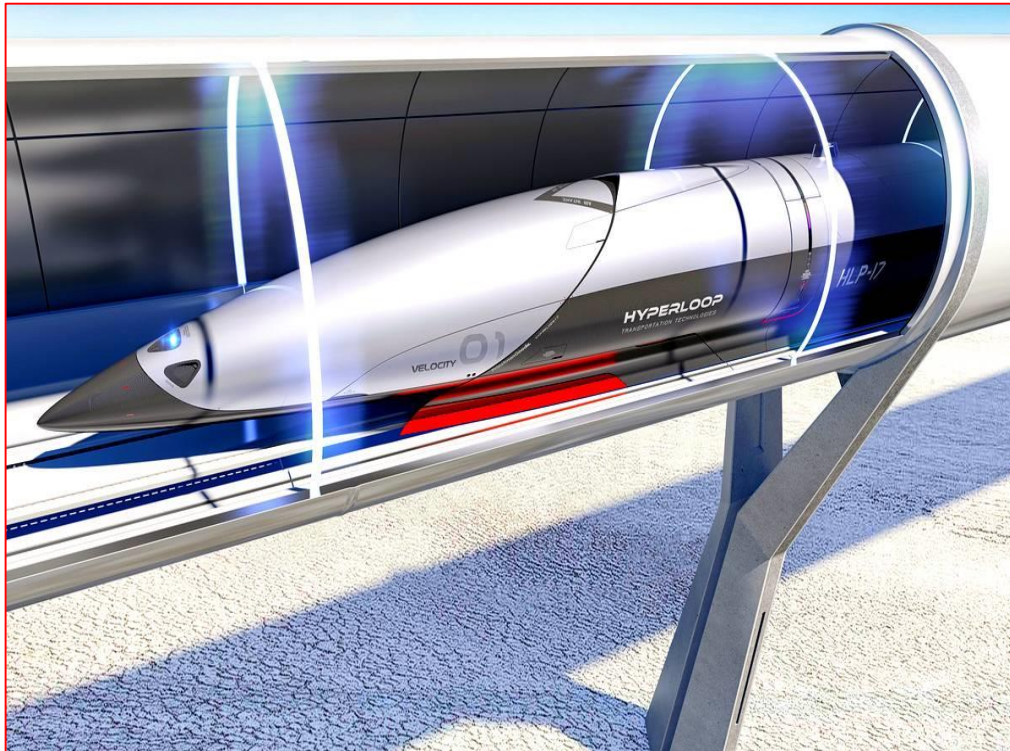

**WHO CAN BE MORE
INSPIRING, THAN A PERSON
LITERALLY SHAPING OUR
FUTURE?**

Elon Musk

Elon Musk makes the science fiction come true. A few years ago he founded Neuralink company to develop implantable brain-machine interfaces. Such implants will give people capabilities they never had before.

Project Hyperloop

HYPERLOOP

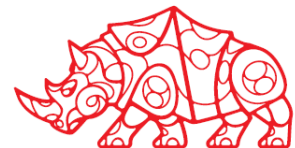

One of Musk's projects is called Hyperloop. He is going to build new high-speed transportation system, where pods will move in reduced-pressure tubes.

Elon Musk

Most people have pretty down to earth life goals. Elon Musk stands out because he is a strategic thinker and he is concerned about the future of the whole mankind. I hope eventually his plans will be implemented.

Elon Mask

Elon Musk is a very well-rounded person who is trying to realize himself in a variety of areas. One of the secrets of such success, Elon himself calls the desire to work and the desire to go forward all the time, to explore new horizons.

Today he is 49 years old, and he is still energetic. many call him a dreamer or "big kid", and he continues to surprise the world, pour incredible assumptions and delight with brilliant presentations of his new inventions.
